

EBV EEC Explosive Waste Disposal Services for Law Enforcement Agencies

EBV Explosives Environmental Company (EBV EEC) provides complete explosive waste disposal services, including: characterization, analysis, transportation, storage, treatment and disposal.

Surplus and confiscated explosive materials routinely handled for Law Enforcement Agencies include:

- Small Arms Ammunition
- Riot Control Materials
- Self Defense Chemicals and Devices
- Fireworks
- Airbag Inflators
- Detonators
- Explosive materials, e.g., black powder and smokeless powder

EBV EEC can provide assistance, as necessary, with:

- Hazardous Waste Characterization & Evaluation (on-site if needed).
- Obtaining EPA Hazardous Waste Generator Numbers.
- Preparation of Waste Characterization Profiles.
- Obtaining DOT classifications and shipping authorizations.
- On-Site DOT Compliant Packaging, Labeling, and Marking.
- Preparation of Hazardous Waste Manifests and Land Ban Forms.
- Transportation Arrangements.
- Recovery of components for recycling, if desired.
